Phone: +8801762-274750

E-Mail: sajidahmedkhan27@gmail.com

Address: Basundhara R/A, Dhaka

About Me

As a Software Engineer, my main focus is on Python and .NET. I love using Machine Learning to understand data and build smart solutions. Because I also have experience in UI/UX design and web development, I can create full software projects that are both powerful on the inside and very easy for people to use.

Education

Bachelor of Science

American International University-
Bangladesh
Kuril, Dhaka, Bangladesh
2022 - Present
Result: Appeared

C#, ASP.NET Web API, SQL Server, Entity Framework

• Event Management System

Python, FastAPI, REST API, Console UI

• Telco Customer Churn Prediction

Python, Pandas, Matplotlib, Scikit-Learn (SVM)

Experiences

Junior Content Designer

July 2024 – Feb 2025

Freesia Beauty | 2/3, Block A, Lalmatia, Dhaka

At Freesia Beauty, I worked as a Content Designer, specializing in creating compelling and user-centric content with UI/UX design. I collaborated with marketing and product teams to ensure a cohesive brand voice across all touchpoints, enhancing the customer journey from discovery to conversion.

WordPress Developer Intern

Nov 2025 - Jan 2026

Bangla Clamore | Tangail, BD - 1912

At Bangla Clamore, I am working as a WordPress Developer Intern, collaborating with the design team to implement visually appealing and user-friendly WordPress sites. My role involves customizing and extending themes and plugins to meet project requirements, as well as debugging and troubleshooting website issues to ensure optimal performance. I also assist in documenting code and development processes while keeping up-to-date with industry trends.
